About Me

Determined and hands-on worker eager to begin a long-term career as an electrician apprentice and work toward journeyman status. Brings strong problem-solving skills, work ethic, and a genuine willingness to learn. Strengthened by years of experience as a paramedic working under pressure, harsh conditions and prioritizing safety. Motivated to grow through hard work and continuous learning while delivering quality results to succeed in the electrical trade.

Skills

- **Hands-On:** Tools/equipment from Emergency services, masonry trade, automotive/homeownership; lifelong learner
- **Technical/Hobbies:** Some Programming, automation, web development - [GitHub](#)
- **Interest:** Residential/Commercial/Industrial electrical, learning PLC systems/automation
- **Strengths:** Very teachable, Quick learner, thrives under pressure, strong communicator
