About Me

Determined and hands-on professional who is eager to start an electrician apprenticeship and work toward journeyman status. Ready to bring problem-solving skills, leadership experience, and drive to succeed in the electrical trade.

Skills

- **Hands-On:** Power tools from construction, medical field, automotive, homeownership; lifelong learner/DIY
- **Technical:** Programming, automation, web development
- **Interest:** Industrial/commercial electrical, PLC systems/automation, robotics
- **Leadership:** Managing teams, training staff, improving workflows
- **Strengths:** Quick learner, thrives under pressure, strong communicator
